INSIDE

The image shows a technical drawing of a container or box. The top portion is a trapezoidal shape with rounded corners, representing a lid or a top section. A horizontal dashed line is drawn across the middle of this trapezoidal section, indicating a fold or a seam. Below this dashed line is a solid horizontal line that separates the trapezoidal section from a larger, rectangular section below. The word "OUTSIDE" is printed in bold, black, uppercase letters in the center of the lower rectangular section.

OUTSIDE
